Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 973—MILK IN THE MINNEAPOLIS-ST. PAUL, MINNESOTA, MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS OF ORDER, AS AMENDED

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), hereinafter referred to as the "act," and of the order, as amended (7 CFR Part 973), regulating the handling of milk in the Minneapolis-St. Paul, Minnesota, marketing area, hereinafter referred to as the "order," it is hereby found and determined that:

(a) The provisions of § 973.51 providing that the Class II price be used as an alternative formula for pricing Class I milk will not tend to effectuate the declared policy of the act during the months of May and June 1953.

(b) Notice of proposed rule making, public procedure thereon, and 30 days prior notice of the effective date hereof are found to be impracticable, unnecessary, and contrary to the public interest in that (1) this suspension order relieves handlers from paying a Class I price based upon a butter-nonfat dry milk solids formula which would dislocate the normal price relationships between this and other Federally regulated markets during the months of May and June 1953; (2) the producers' association supplying approximately 90 percent of the fluid milk requirements of the market has requested such suspension; (3) present conditions in the market are such that unless relief of an emergency nature is granted the market will be demoralized; (4) use of the Class II price as an alternative formula for pricing Class I milk during the months of May and June 1953 will not tend to effectuate the declared policy of the act; (5) this suspension order does not require of persons affected substantial or extensive preparation prior to the effective date; and (6) the time intervening between the date of this suspension order and its effective date affords per-

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 35]

PART 610—MINIMUM EN ROUTE IFR ALTITUDES

RECEPTION ALTITUDES

This amendment explains the operational use in flight of a VOR fix where the reception altitude is higher than the lowest minimum en route IFR altitudes associated with the fix. The amendment is adopted without delay in order to provide for safety in air commerce. Therefore, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act, would be impracticable.

In § 610.3, a new paragraph (d) is added to read:

§ 610.3 *Operation procedures over mountainous terrain and along particular routes.* * * *

(d) *Minimum reception altitude where specified for VOR intersections.* At certain intersections VOR reception may not be adequate at the lowest minimum en route IFR altitude associated with the intersection. In such instances where the minimum reception altitude to determine the fix is higher than the lowest minimum en route IFR altitude associated therewith, the intersection will be denoted by an asterisk(s) and the minimum reception altitude will be specified. Operational utilization of the intersection will require that flights arrive at and cross the intersection at or above the minimum reception altitude specified for the intersection.

Example:

Philipsburg, Pa. (VOR)	Hallton (INT), Pa.[1]	5,000'

[1] 8,000'—minimum reception altitude.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interprets or applies sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

These rules shall become effective May 12, 1953.

Administrator of Civil Aeronautics.

PART 635—REPRODUCTION AND DISSEMINATION OF CURRENT EXAMINATION MATERIALS

REVOCATION

Part 635—Reproduction and Dissemination of Current Examination Materials, published as Part 532 on January 19, 1943, in 8 F. R. 830, and redesignated Part 635 on June 8, 1948, in 13 F. R. 3047, is revoked.

(Secs. 205, 308, 52 Stat. 984, 986, as amended; 49 U. S. C. 425, 458)

This revocation shall become effective upon publication in the FEDERAL REGISTER.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

STANDARD OIL CO.

Subpart—*Discriminating in price under section 2, Clayton Act as amended—Price discrimination under 2 (a):* § 3.700 *Arbitrary functional discounts;* § 3.715 *Charges and price differentials.* In connection with the sale or distribution of gasoline in commerce, discriminating, directly or indirectly, in the price of gasoline of like grade and quality, (1) by selling such gasoline to any retailer thereof at a lower price than to any other retailer who in fact competes with the favored purchaser of such gasoline to the public; and (2) by selling such gasoline to any retailer at a price known by respondent to be higher than the price at which any wholesaler-purchaser is reselling such gasoline to any retailer who competes with such direct retailer-customer of respondent, where respondent is selling to such wholesaler at a price lower than respondent's price to such direct retailer-customer; prohibited, subject to the further specifications that "retailer" as above used applies to that portion of the business of any purchaser which consists of the retail sale of gasoline to the public, and that, for the purpose of comparison, the term "price" as used in the order includes discounts, rebates, allowances, and other terms and conditions of sale.

(Sec. 6, 38 Stat. 722; 15 U. S. C. 46. Interpret or apply sec. 2, 38 Stat. 730, as amended; 15 U. S. C. 13) [Modified cease and desist order, Standard Oil Company, Chicago, Ill., Docket 4389, Jan. 16, 1953]

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, as amended, the respondent's answer thereto, testimony and other evidence in support of the allegations of said complaint, as amended, and in opposition thereto, taken before a hearing examiner of the Commission theretofore duly designated by it, report of the hearing examiner upon the evidence and exceptions filed thereto, briefs in support of and in opposition to the complaint, as amended, and oral argument of counsel, and the Commission, having considered the matter, on October 9, 1945, made its findings as to the facts and its conclusion drawn therefrom and issued its order to cease and desist (which said order to cease and desist was, on August 9, 1946, modified in certain respects).

Said modified order to cease and desist having been further modified by the United States Court of Appeals for the Seventh Circuit in the manner and to the extent set forth in the judgment of said Court issued April 29, 1949, which judgment was subsequently reversed by the United States Supreme Court, and the case having been remanded to the Commission on February 14, 1951, by the Court of Appeals with instructions "to make findings in conformity with the opinion of the Supreme Court of the United States filed on January 8, 1951"; and the Commission having made its modified findings as to the facts [1] and its conclusion [1] that the respondent has violated the provisions of subsection (a) of section 2 of an Act of Congress entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes", approved October 15, 1914 (the Clayton Act), as amended by an act of Congress approved June 19, 1936 (the Robinson-Patman Act), and having afforded the respondent opportunity to show cause why the modified order to cease and desist issued in this proceeding on August 9, 1946, should not be further modified in the manner shown in its order issued March 24, 1952, and having considered the objections to such modifications made by the respondent and briefs filed on behalf of Retail Gasoline Dealers Association of Michigan, National Congress of Petroleum Retailers, Inc., Empire State Petroleum Association, Inc., Great American Oil Company, and counsel in support of the complaint, and oral argument of counsel:

It is ordered, That the respondent, Standard Oil Company (Indiana), a corporation, and its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the sale or distribution of gasoline in commerce, as "commerce" is defined in the aforesaid Clayton Act, do forthwith cease and desist from discriminating, directly or indirectly, in the price of gasoline of like grade and quality:

1. By selling such gasoline to any retailer thereof at a lower price than to any other retailer who in fact competes with the favored purchaser in the resale of such gasoline to the public ("Retailer" as here used applies to that portion of the business of any purchaser which consists of the retail sale of gasoline to the public).

2. By selling such gasoline to any retailer at a price known by respondent to be higher than the price at which any wholesaler-purchaser is reselling such gasoline to any retailer who competes with such direct retailer-customer of respondent, where respondent is selling to such wholesaler at a price lower than respondent's price to such direct retailer-customer.

For the purpose of comparison, the term "price" as used in this order includes discounts, rebates, allowances and other terms and conditions of sale.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

Issued: January 16, 1953.

Sec.
41.1 Notice to and by organizations.
41.2 Statement and interrogatories by Attorney General.
41.3 Reply by organization.
41.4 Request for hearing.
41.5 Notice of hearing.
41.6 Default.
41.7 Hearing board or officer.
41.8 Hearing.
41.9 Recording of testimony.
41.10 Determination.
41.11 Previous designations not affected.

AUTHORITY: §§ 41.1 to 41.11 issued under R. S. 161; 5 U. S. C. 22, E. O. 9835, Mar. 21, 1947, 12 F. R. 1935; 3 CFR, 1947 Supp.; E. O. 10450, Apr. 27, 1953, F. R. 2489

§ 41.1 *Notice to and by organizations.* (a) Within ten days after the effective date of Executive Order No. 10450 of April 27, 1953, each organization which

has been designated by the Attorney General pursuant to Paragraph 3 of Part III of Executive Order No. 9835 of March 21, 1947, may file with the Attorney General, Department of Justice, Washington, D. C., a written notice that it contests such designation. Failure to file a notice of contest within such period shall be deemed an acquiescence in such designation.

(b) Whenever the Attorney General after appropriate investigation proposes to designate an organization pursuant to Executive Order No. 9835 or Executive Order No. 10450, or both, notice of such proposed designation shall be sent by registered mail to such organization at its last known address. If the registered notice is delivered, the organization, within ten days following its receipt or ten days following the effective date of Executive Order No. 10450, whichever shall be later, may file with the Attorney General, Department of Justice, Washington, D. C., a written notice that it desires to contest such designation. If the notice of proposed designation is not delivered and is returned by the Post Office Department, the Attorney General shall cause such notice to be published in the FEDERAL REGISTER, supplemented by such additional notice as the Attorney General may deem appropriate. Within thirty days following such publication in the FEDERAL REGISTER, such organization may file with the Attorney General, Department of Justice, Washington, D. C., a written notice that it desires to contest such designation. Failure to file a notice of contest within such period shall be deemed an acquiescence in such proposed action, and the Attorney General may thereupon after appropriate determination designate such organization and publish such designation in the FEDERAL REGISTER.

(c) The notice of contest provided in this part shall be signed by the executive officers (or persons performing the ordinary and usual duties of executive officers) of the organization which desires to contest such designation or proposed designation.

§ 41.2 *Statement and interrogatories by Attorney General.* Within sixty days following receipt of a notice of contest, the Attorney General shall cause to be forwarded to the organization by registered mail a statement of the grounds upon which the designation was or is proposed to be made and written interrogatories with respect thereto. In the case of organizations designated pursuant to Paragraph 3, Part III of Executive Order No. 9835, such statement may include information obtained since the designation.

§ 41.3 *Reply by organization.* The organization, within sixty days following receipt of such statement and interrogatories, may file a verified reply which shall be signed by the executive officers (or persons performing the ordinary and usual duties of executive officers) of such organization. The reply shall answer each interrogatory completely and with particularity and shall be limited to statements of fact. The organization may also submit supporting affidavits with its reply. Failure to answer any interrogatory or any part thereof shall be deemed an admission of the truth of the facts to which such interrogatory or part thereof refers. The submission of an evasive reply to any interrogatory or any part thereof shall likewise be deemed an admission of the facts to which such interrogatory or part thereof refers. Failure of the organization to file a reply within the sixty days provided therefor shall constitute an acquiescence in designation.

§ 41.4 *Request for hearing.* Any organization filing a reply as provided in this part may accompany its reply with a written request for a hearing. In the absence of such request, the Attorney General shall determine the matter on the basis of the information available to him and the reply of such organization.

§ 41.5 *Notice of hearing.* Upon receipt of a request as provided in § 41.4, the Attorney General will set a date and fix a place for hearing and notify the organization thereof by registered mail.

§ 41.6 *Default.* When an organization declines or fails to appear at any scheduled hearing, the Attorney General shall without further proceedings determine the matter on the basis of the information available to him and the reply of the organization.

§ 41.7 *Hearing board or officer.* For the purpose of conducting any hearing as provided in this part the Attorney General shall assign such officer or board as he shall deem necessary.

§ 41.8 *Hearing.* (a) If upon the basis of the statement, interrogatories, reply and affidavits (if any) submitted as provided in this part it appears to the board or hearing officer that a determination may appropriately be made without the taking of evidence, the proceeding may be conducted without the taking of such evidence.

(b) The Attorney General, at his election, may rely upon the statement of grounds upon which the designation was or is proposed to be made, or may introduce evidence in support thereof or supplemental thereto, or in rebuttal of any evidence received on behalf of the organization.

(c) Hearings before a board or officer shall be informal and shall be conducted in an orderly and impartial manner.

(d) An organization shall be entitled to appear by counsel or other representative of its own choice.

(e) Testimony shall be given under oath or affirmation.

(f) The ordinary rules of evidence need not be adhered to at the hearings but reasonable bounds shall be maintained as to relevancy, competency and materiality. Both the Attorney General and the organization may introduce such evidence as the board or officer may deem proper in the particular case. In the discretion of the board or officer, the affidavit of any witness may be received in lieu of his oral testimony.

(g) Whenever, in the judgment of the board or officer, the proposed testimony of any witness appears to be irrelevant, immaterial, cumulative, or repetitious, the board or officer may refuse to receive such testimony.

(h) All objections to the admission or exclusion of evidence or other rulings of the board or officer shall be limited to a concise statement of the reasons therefor and shall be made part of the record. Argument upon such objections may be limited in the discretion of the board or officer.

(i) The board or officer shall be authorized to receive as evidence on behalf of the Attorney General information or documentary material, in summary form or otherwise, without requiring disclosure of classified security information or the identity of confidential informants.

(j) Witnesses testifying before the officer or board shall be subject to cross-examination, provided that no witness on behalf of the Government shall be required to disclose classified security information or the identity of confidential informants.

(k) If in the course of a hearing any witness or other participant is guilty of misbehavior which obstructs the hearing, such person may be excluded from further participation in the hearing.

§ 41.9 *Recording of testimony.* The testimony and proceedings at the hearing shall be recorded and transcribed by a person or persons designated by the Attorney General and made a part of the record. The organization, by its counsel or authorized representative, shall be entitled to inspect the transcript, and, upon request and at its cost, shall be furnished a copy thereof.

§ 41.10 *Determination.* Within a reasonable time following completion of any proceeding hereunder, the Attorney General shall make a determination on the record which shall include the statement of the grounds, interrogatories, replies to the interrogatories, affidavits, and testimony elicited at the hearing and other documents and papers filed in the proceeding, and shall notify the organization of the determination by registered mail. In making his determination the Attorney General shall take into consideration any handicap imposed upon an organization by the non-disclosure to it of classified security information or the identity of confidential informants and by reason of the lack of opportunity to cross-examine confidential informants.

§ 41.11 *Previous designations not affected.* The promulgation of the rules of procedure contained in this Part shall not be deemed a revocation of any designation made by the Attorney General pursuant to Paragraph 3, Part III of Executive Order No. 9835, but each such designation shall continue in effect unless the administrative process herein provided is invoked by the organization affected and upon completion thereof a contrary determination is made by the Attorney General as to such organization.

Attorney General.

Office of International Trade

[Case No. 153]

SERGE G. BRUNET & CO. ET AL.

ORDER REVOKING AND DENYING LICENSE PRIVILEGES

In the matter of Serge G. Brunet & Co., Serge G. Brunet, Fern N. Brunet, also known as Fern N. Hummel, Santa Ana, No. 464, Havana, Cuba; Irex Agencia Comercial de Meyer, Goldschmidt y Compania, Martin Sarre, Edificio Western Union, Obispo 351, Havana, D. No. 5, Cuba; respondents; Case No. 153.

This compliance proceeding was instituted against the above-named respondents, and others, by charging letter of February 5, 1953, issued by the Investigation Staff of the Office of International Trade, United States Department of Commerce, charging that said respondents, and such others, had violated the Export Control Act of 1949, as amended, and the regulations issued thereunder. Thereafter, on April 1, 1953, following conferences with officials of the Office of International Trade, respondents Serge G. Brunet, individually and doing business under the name of Serge G. Brunet & Co., and Fern N. Brunet, also known as Fern N. Hummel, submitted to the Compliance Commissioner a writing dated March 31, 1953, admitting the charges in said charging letter applicable to them for the purposes of this compliance proceeding only and consenting to an order denying their export privileges for the period and under the terms set forth below. On motion of the Office of International Trade the action against such respondents was severed from the pending proceedings. On April 3, 1953, respondents Martin Sarre and Irex Agencia Comercial de Meyer, Goldschmidt y Compania, by and through counsel, also submitted to the Compliance Commissioner a writing dated April 2, 1953, amended April 22, 1953, admitting the substance of the charges applicable to such respondents for the purposes of this compliance proceeding only and consenting to an order denying their export privileges for the period and under the terms set forth below. The charges against the other respondents named in said charging letter of February 5, 1953, were, on motion of the Office of International Trade, withdrawn and the proceedings against such respondents discontinued.

The report of the Compliance Commissioner discloses the circumstances herein to be as follows: Serge G. Brunet, doing business as Serge G. Brunet & Co. ("Brunet") in Havana, Cuba, an importer and distributor of steel products and related commodities, on December 6, 1951, placed with Sarre, a partner in the firm, Meyer Goldschmidt y Compania, trading as Irex Agencia Comercial ("Irex"), sales representative in Cuba for American and European export firms, an order for 100 tons of deformed steel reinforcing bars of United States origin, representing in such order that the purchaser-consignee of said bars was one Fern N. Hummel ("Hummel"), Havana, Cuba, and that said steel bars were intended "For use in the Tunnel under construction connecting the city of Havana with the city of Mariánao, and for that reason necessary to the Defense of Cuba." Actually, Fern N. Hummel was, and is, Brunet's wife, Fern N. Brunet, a housewife, and, in this transaction, as in others, was merely the nominee for her husband, the true purchaser of said bars, and not his customer as tacitly understood by Sarre, although the latter understood that Brunet had an interest in the transaction. Both Sarre and Brunet were aware that in December 1951 and for some time prior thereto United States export control regulations prohibited the exportation of steel bars of the type here under consideration from the United States to Cuba, except for defense or strategic purposes such as the defense of Cuba or the essential production of strategic materials for shipment to the United States or to a friendly nation. Sarre and Brunet also knew that Hummel (Brunet) held no firm order or commitment to supply 100 tons of steel bars, or any bars, to the tunnel project, and that the order was being placed merely on the assumption that if said bars were available in Cuba they might be resold to the contractor for the tunnel operation. With the intention of expediting the exportation from the United States of said bars to Brunet for said purpose and to give the purported appearance of acting in conformity with the United States export regulation relating to the export of said bars to Cuba, and for the further purpose of inducing the issuance of a validated export license to effect such exportation, these respondents, Sarre and Brunet, acting in concert, devised and prepared the end-use statement as aforesaid in order to gain entry of said bars into Cuba. The order and the end-use statement were executed by Fern Hummel at the direction of her husband, turned over to Sarre, and the same were then forwarded to the supplier in the United States, Irex' principal (the other respondents named in the charging letter).

Brunet's alleged reason for nominating Fern Hummel as the purchaser-consignee herein and in other transactions is ascribed to an attempt to avoid payment of Cuba's gross sales taxes which are imposed upon business firms whose sales exceed a certain figure; thus, by splitting such sales between himself and his wife, Brunet claims he hoped to prevent assessment of such taxes.

The report shows that upon receipt of the order and end-use statement as aforesaid Irex' principal, the American firm, applied for validated export licenses on December 10 and December 13, 1951, respectively, designating Fern N. Hummel in Havana, Cuba, on such applications as purchaser and ultimate consignee and adopting the language on the end-use statement executed by Hummel, representing that the end-use for said bars was "For use in the Tunnel under construction connecting the city of Havana with the city of Marianao, and for that reason necessary to the Defense of Cuba." In reliance on such representations on the applications, the Office of International Trade granted a license for 50 tons of steel reinforcing bars for exportation to Fern N. Hummel in Cuba on December 18, 1951, and another license for an additional 50 tons on December 19, 1951, making an aggregate of 100 tons, the amount of the order. The order was not consummated, however, as the price of said bars had risen subsequent to the order and Brunet was unwilling to pay the additional price. Consequently, the licenses were never used and no exportations thereunder were effected whatsoever.

The Compliance Commissioner's report further shows that in the course of an investigation of this matter by the Office of International Trade investigators in Cuba, Brunet deliberately misled such investigators as to the identity and whereabouts of Fern N. Hummel and failed and refused to inform them that Fern N. Hummel was in fact Mrs. Brunet. In other respects regarding the transaction he was cooperative and voluntarily made complete statements of his participation in the transaction.

The charging letter, evidentiary material relating to the charges set forth therein, and the aforementioned proposals for a consent order have been submitted to the Compliance Commissioner for review in conformance with § 382.10 of the export control regulations. Upon the basis of such review, and upon the informal presentation of the facts, including extenuating circumstances claimed by the Brunet respondents and by the Irex respondents, by counsel, at the conference with counsel for the Office of International Trade and with said respondents, the Compliance Commissioner has found that charges to be supported by the evidence and has also found the terms and conditions of the proposed order as consented to by the respondents to be fair and reasonable, and he has recommended that such order be issued.

The Compliance Commissioner has pointed out that in making the recommendation he has taken into consideration the previous good record of the Irex respondents and that this is the only known instance where they have been charged with a breach of export regulations such as those here involved. He has also taken into consideration the temporary denial of license privileges against the Brunet respondents contained in the provisions of the charging letter of February 5, 1953, pursuant to which said Brunet respondents have been ineligible to participate as parties to any validated export licenses or to any exportations effected from the United States thereunder pending the determination of this compliance proceeding.

The Compliance Commissioner has also pointed out that the longer suspension imposed upon the Brunet respondents is necessitated by their having been the prime movants in the violations herein; That their admissions to the Investigation Staff of the Office of International Trade and to the Compliance Commissioner show that the expediency of naming current Cuban public projects or the essential needs of the Cuban sugar industry as the alleged intended end-use for commodities to be imported from the United States merely to conform to

known United States export requirements, and not the true end-use for which such commodities are actually intended, is standard practice with Brunet in purchasing commodities from the United States; that such attitude toward United States licensing controls must be severely censured and such practice stamped out as inimical to the best interests of United States export control policy and programs and as a threat to the integrity of the export control system.

The findings and recommendations of the Compliance Commissioner have been carefully considered, together with the charging letter, the evidentiary material, and the proposals for a consent order. It appears therefrom that the Compliance Commissioner's findings are in accordance with the evidence and that such recommendations are reasonable and should be adopted.

Now, therefore, it is ordered as follows:

(1) All outstanding validated export licenses in which respondents Serge G. Brunet, individually, and doing business as Serge G. Brunet & Co., Fern N. Brunet, also known as Fern N. Hummel, ("Brunet"), and Martin Sarre and Irex Agencia Comercial de Meyer, Goldschmidt y Compania ("Irex") appear or participate as purchaser, intermediate or ultimate consignee, or otherwise, are revoked and shall be forthwith returned to the Office of International Trade for cancellation.

(2) The above-named respondents, and each of them, are hereby denied and declared ineligible to exercise the privileges of participating directly or indirectly in any manner or capacity in the exportation of any commodity from the United States to any foreign destination, including Canada. Without limitation of the generality of the foregoing, participation in an exportation shall be deemed to include and prohibit respondents' participation (a) in the filing of any validated export license application, (b) in the obtaining or using of any validated or general export license or other export control document, (c) in the receiving in any foreign country of any exportation from the United States, and (d) in the financing, forwarding, transporting, or other servicing of exports from the United States.

(3) Such denial of export privileges shall extend not only to the named respondents, but also to any person, firm, corporation, or other business organization with which they, or any of them, may be now or hereafter related by ownership, control, position of responsibility, or other connection in the conduct of trade involving exports from the United States or services connected therewith.

(4) This order shall extend as to Serge G. Brunet, individually, and doing business as Serge G. Brunet & Co., and Fern N. Brunet, also known as Fern N. Hummel ("Brunet"), for a period of twelve (12) months from the date of issuance, or for the duration of export controls, whichever expires earlier, and, as to Martin Sarre and Irex Agencia Comercial de Meyer, Goldschmidt y Compania ("Irex") for a period of six (6) months, or for the duration of export controls, whichever expires earlier: *Provided, however,* That during the last six (6) months of the suspension period applicable to the Brunet respondents and during the last three (3) months of the suspension period applicable to the Irex respondents, the export privileges of said respondents which are denied by the terms of this order shall be restored to them without further order of the Office of International Trade, but no validated licenses which shall have been revoked and cancelled under this order shall thereby be restored. In the event, however, that any of the Brunet respondents shall knowingly violate the terms of this order during the first six (6)-month period thereof, or that any of the Irex respondents shall knowingly violate the terms of this order during the first three (3)-month period thereof, or if said Brunet respondents or said Irex respondents shall knowingly violate any of the laws or regulations relating to export control at any time during the entire period of the order as applicable to the Brunet respondents and the Irex respondents, respectively, the Office of International Trade may summarily and without notice to the respondent or respondents responsible for such violation, at such time as it shall determine that such violation has occurred, issue a supplemental order which shall deny to such respondent or respondents all export privileges for the period of the order which has been held in abeyance, as aforesaid, and shall revoke and cancel all validated export licenses then outstanding and as to which said respondent or respondents may be parties, without limiting thereby the Office of International Trade from taking such other and further action based on such violation as it shall deem warranted.

(5) No person, firm, corporation, or other business organization shall knowingly apply for or obtain any license, shipper's export declaration, bill of lading, or other export control document relating to any exportation from the United States under validated and general export licenses, or finance, service, transport, forward or receive any commodities thereunder, to or for the named respondents, or any them, or any person, firm, corporation, or other business organization covered by paragraph (3) above, without prior disclosure of such facts to, and specific authorization from, the Office of International Trade.

LAWRENCE GAS AND ELECTRIC CO. ET AL.

ORDER AUTHORIZING SALE OF GAS PROPERTIES AND REDUCTION IN PAR VALUE OF COMMON STOCK; AND ISSUANCE OF COMMON STOCK AND ASSUMPTION OF CERTAIN INDEBTEDNESS IN CONNECTION WITH SEPARATION OF GAS AND ELECTRIC PROPERTIES

APRIL 30, 1953.

In the matter of Lawrence Gas and Electric Company, Lawrence Gas Company, New England Electric Company, File No. 70-3016.

New England Electric System ("NEES"), a registered holding company, and its public utility subsidiary, Lawrence Gas and Electric Company ("Lawrence"), and Lawrence Gas Company ("Lawrence Gas"), a gas utility company organized December 31, 1951, for the purpose of acquiring Lawrence's gas properties and business, having filed a joint application-declaration, and amendments thereto, pursuant to sections 6, 7, 9, 10, and 12 of the Public Utility Holding Company Act of 1935 ("act") and Rules U-44 and U-45 promulgated thereunder, with respect to the following proposed transactions:

At the present time, Lawrence has outstanding 188,000 shares of capital stock, $25 par value, of which NEES owns 170,002 shares or 90.42 percent and the public 17,998 shares or 9.58 percent. Lawrence proposes to sell its gas properties and business to Lawrence Gas which, it is stated, will record the assets received and the liabilities assumed at book values. Such liabilities, including $1,380,000 of unsecured promissory notes, are stated to be attributable to Lawrence's gas business. None of Lawrence's presently outstanding $2,750,000 principal amount of 2⅝ percent first mortgage bonds will be assumed by Lawrence Gas. As a result of the sale, Lawrence, presently a gas and electric company, will do solely an electric business while Lawrence Gas will do solely a gas business. Lawrence will change its name to "Lawrence Electric Company".

In connection with the proposed sale of its gas properties, Lawrence proposes to reduce the par value of its capital stock from $25 to $10 per share so that in lieu of 188,000 shares of $25 par value stock, it will have outstanding 470,000 shares of $10 par value stock. Thereafter Lawrence proposes to cancel 188,000 shares of the $10 par value stock, thus reducing the number of shares of such stock outstanding to 282,000. Concurrently with the above transactions, Lawrence Gas proposes to issue 188,000 shares of its $10 par value capital stock to the stockholders of Lawrence.

Stockholders of Lawrence will be entitled to receive for each share of presently outstanding $25 par value stock, one share of Lawrence Gas stock and 1½ shares of Lawrence stock, aggregating $25 par value. Lawrence proposes to issue fractional scrip certificates in lieu of any fractional shares to which a stockholder may be entitled, such certificates to remain valid for one year. Such fractional scrip certificates may be combined for presentation for full shares. During the life of such scrip, Lawrence will purchase all scrip certificates offered to it on the basis of $12 for each one-half share certificate and will make any certificates so purchased available to other fractional scrip holders at the same price. Upon the expiration of the life of such scrip, Lawrence proposes to pay all scrip holders $12 for each one-half share certificate held.

Upon consummation of the proposed transactions, NEES will own 225,003 shares of Lawrence's stock (90.42 percent) and 170,002 shares of Lawrence Gas' stock (90.42 percent), the aggregate par value of which ($4,250,050) will be equal to the aggregate par value of NEES' present holding of 170,002 shares of Lawrence's stock. NEES proposes to record its investment in Lawrence and in Lawrence Gas in an aggregate amount equal to the recorded value of its present investment in Lawrence.

The application-declaration states that incidental services in connection with the proposed transactions will be performed, at actual cost, by New England Power Service Company, an affiliated service company, such costs being estimated at $11,500; and total expenses to be borne by applicants-declarants are estimated at $16,400.

By order, dated April 6, 1953, the Department of Public Utilities of the Commonwealth of Massachusetts expressly authorized the transfer of the gas properties by Lawrence and the acquisition thereof by Lawrence Gas, the issuance of 188,000 shares of common stock, $10 par value, by Lawrence Gas, and the change of the par value of the common stock of Lawrence from $25 par value to $10 par value and the cancellation of 188,000 shares, $10 par value. Applicants-declarants request that the Commission's order herein become effective upon issuance.

Due notice having been given of the filing of the application-declaration and a hearing not having been requested of or ordered by the Commission; and the

Commission finding that the applicable provisions of the act and rules promulgated thereunder are satisfied and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interest of investors and consumers that said application-declaration, as amended, be granted and permitted to become effective forthwith, without the imposition of terms and conditions, other than those contained in Rule U-24:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application-declaration, as amended, be, and it hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

Such notes will bear interest at the prime rate for commercial borrowing (3 percent per annum at the date the application was filed) at the date of issuance and sale (but not in excess of 3¼ percent per annum, except as hereinafter provided) and will mature not more than six months after such date.

NJP&L states that if the prime rate for commercial borrowing should be in excess of 3¼ percent per annum at the time of issuance of any note NJP&L will, at least five days prior to the date of issuance of such note, file with the Commission a supplemental statement setting forth the interest rate thereof and all other pertinent details thereof, and that NJP&L will not issue said note unless either (a) no notice shall have been given to NJP&L by the Commission within said five-day period that the Commission deems further proceedings required with respect to the subject matter of the application or (b) notice shall have been given to NJP&L by the Commission within said five-day period that no further proceedings are required with respect to the subject matter of the application.

The amount of notes to be issued will exceed the amount of short-term notes which the company may issue without action of the Commission, such latter amount being 5 percent of the principal amount and par value of its other securities now outstanding. The company states that the proceeds of the sale of the notes will be applied to the payment of the company's unsecured notes maturing May 14, 1953, now oustanding in the principal amount of $3,545,000, which notes were issued to partially finance its construction program. Upon consummation of the proposed transactions, the company will have outstanding unsecured short-term indebtedness in an amount equivalent to approximately 10 percent of its secured indebtedness and capital stock.

NJP&L states that it has been postponing long-term debt financing until it receives certain rate relief in a proceeding now pending before The Board of Public Utility Commissioners of the State of New Jersey; that it will repay the unsecured notes for the issuance of which authority is sought herein, with a portion of the funds derived from a recent cash contribution to the company's capital by GPU and from the proceeds of the sale of bonds expected to be made in 1953 following the issuance of the decision in the rate proceeding mentioned above.

The filing states that no State or Federal regulatory commission other than this Commission has jurisdiction over the proposed transactions and that the expenses, including counsel fees, in connection with such transactions are estimated at $500. It is requested that the Commission's order become effective upon issuance.

Due notice having been given of the filing of the application and a hearing not having been requested or ordered by the Commission; and the Commission finding with respect to said application that the applicable standards of the act and the rules are satisfied and that it is not necessary to impose any terms or conditions other than those set forth below; and the Commission deeming it appropriate that said application be granted forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application be, and it hereby is, granted effective forthwith, subject to the conditions prescribed in Rule U-24.

By the Commission.

APPALACHIAN ELECTRIC POWER CO.

NOTICE REGARDING ACQUISITION OF SECURITIES

APRIL 30, 1953.

Notice is hereby given that Appalachian Electric Power Company ("Appalachian"), an electric utility subsidiary of American Gas and Electric Company, a registered holding company, has filed an application pursuant to the Public Utility Holding Company Act of 1935, and has designated sections 9 and 10 thereof as applicable to the proposed transactions which are summarized as follows:

Appalachian proposes to purchase from Roanoke Valley Development Corporation ("Valley Corporation"), a newly organized corporation, 200 shares of its capital stock having a par value of $100 per share for the total price of $20,000. The application states that it is understood that said shares will represent less than 10 percent of the outstanding stock of Valley Corporation.

It is further stated that Valley Corporation has been organized by various business interests located in the Roanoke Valley area of Virginia to encourage and assist the industrial and commercial development of that area by, among other things, the acquisition of industrial and commercial buildings or sites therefor, and their sale or lease to new industries locating in the area. Appalachian states that its participation in this cooperative effort will to some extent eliminate the necessity for its independent area development efforts in which it engages as a part of its load-building program.

Notice is further given that any interested person may, not later than May 18, 1953, at 5:30 p. m., e. d. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law, if any, raised by the said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after May 18, 1953, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application which is on file at the offices of this Commission for a statement of the transactions therein proposed.
